

2019 Road Surface Improvements Lent Township, MN

Paving Notice

Valley Paving will pave Echo Lane, 311th Street, Echo Court on June 5th weather permitting. Please have all cars removed from the street by 7 a.m.

The asphalt will typically be installed at temperatures between 275° F and 350° F. Please have children stay away from the asphalt until it cools, which will be after it's rolled the same day.

During the paving process, driveway access may be temporarily blocked for a short period of time (15 to 20 minutes). If you need to drive over the fresh asphalt, please keep your speed low to avoid spinning your tires and harsh turning motions. As this is the final layer of pavement, any scuffs on the pavement will be permanent.

We apologize for any inconvenience this may cause you. If you have any questions or concerns during construction, please call **Matt Fehrman at (763) 300-0757**.

Thank you for your continual patience and cooperation throughout the process of improving your street!
