FINDINGS. Findings for Amending the Lent Township Zoning Code by repealing and replacing Chapter 4 of the Township Ordinance. In amending the Township of Lent Township Code relating to sewage and wastewater treatment in Lent Township, the Town Board of Lent Township finds that the amendment does not create an excessive demand on existing parks, schools, streets and other public facilities and utilities which serve or are proposed to serve the area, is sufficiently compatible so that existing development will not be depreciated in value and there will be no deterrence to development of vacant land, is in the opinion of the Township to be reasonably related to the overall needs of the Township, is consistent with the intent and purposes of the zoning ordinance, and will not cause traffic hazards or congestions.
